Teachers in Demand.
 Uncle Sam wants school teachers. They are wanted at once for the Philippines, 150 of them, males.

To these teachers will be paid good salaries, as follows: Twenty-five at \$1,200, seventy-five at \$1,000, and 55 at \$900 per annum.

To secure these teachers without unnecessary delay, an examination will be held by the Civil Service Commission in various cities on the 19th and 20th of this month.

Teachers who may secure appointment will be eligible to promotion to the higher grades in the service, salaries ranging from \$900 to \$2,000 for teachers and from \$1,500 to \$2,500 for division superintendents.

For application blanks and further information concerning the scope of examination, transportation, conditions of employment, etc., applicants should apply to the United States Civil Service Commission, Washington, D. C., or to the secretary of the civil service board at any postoffice where letter carrying service has been established.

Persons who are unable to file their formal applications in order to receive admission cards to the examination will be authorized to take the examination, if they will notify the Commission by letter or telegram in sufficient time to ship examination papers and arrange for their examination.

Reunion

A reunion of the non-resident natives of North Carolina will hold a reunion at Greensboro, N. C. on Oct. 12-13, 1903. All former residents of the state should communicate with Robt. Douglas, Sec., Greensboro at once. Special rates will be given on all roads.

The October American Boy.

Football plays a prominent part in the October American Boy. The front cover shows two strong American boys in action on the football field and makes a striking picture. "Football at Yale" and a football story, "A Bit of Red Ribbon" will interest lovers of the game. Surely no menu for a boy's mental feast could be more attractive than that spread out in the 22 pages of the paper before us, and the good thing about it is that there is not a word of it but will prove helpful to the boy. Boys ought to appreciate having such a splendid publication to represent them as The American Boy. There are 45 pictures in this number. The illustrated stories are especially strong. The stories are "At Dwight Mill"; "Eliza," a story of a goat, a boy and a maiden aunt; "Lost at Sea"; "Joe Jolly Boy," Hal Herrick, "First Striker," a sea story; "A Rabbit for a start"; "The Victoria Cross," a war story; "The Cripple and the Third Grade"; "Loys De Chastelaine"; "The Losing of William Henry," and Ted's Practical Idea." Leading illustrated articles dealing with boy life. Include United States Senate Page; Unsalaried Friends; How the President Keeps in touch with the World; A Boy in the Hall of Fame; William Pitt; The Boys of the White House, and The Freedom of Boys. Departments chock full of life are those devoted to the American Boy Lyceum; The Order of the American Boy; The Boy Photographer; Boys and Animals; Boy Mechanics and Artisans; Book Reviews; Boys in Games and Sport; Seamps, coins and Curios; "With the Boys"; Boys in the Home and School; Boys as Money Makers, and Tangles. Single copies 10 cents; annual subscription, \$1.00. The Sprague Publishing Co., Detroit, Mich.

"IT GOES RIGHT TO THE SPOT"
 When pain or irritation exists on any part of the body, the application of Ballard's Snow Liniment will give prompt relief. "It goes right to the spot," said an old man who was rubbing it in to cure his rheumatism. C. R. Smith, Propr. Smith House, Tenaha, Texas, writes: "I have used Ballard's Snow Liniment in my family for several years, and have found it to be a fine remedy for all aches and pains, and I recommend it for pains in the throat and chest." 25c. 50c and \$1.00 at G. P. W. Idler's.

Another Brick Block.

Dr. Follett is moving his house, barn and office to his lots across the street and will immediately commence the construction of a fine two story brick block on the lots now occupied by said building. He has bought an elegant residence lot on S. Highland and will also erect a fine residence thereon. Several of the Dr.'s farms chanced to be in the oil treuds and he is seeking investment for a portion of his surplus cash.

Obituary.

Flossie Leona Geer, daughter of Mr. and Mrs. Homer Geer, passed peacefully from this world to her home above, Thursday, Oct. 1, 1903, aged 8 years, one day. Little Flossie has gone to rest, To that happy home on high; Where pain and death can never come Where we'll live but never die.

Then why should our tears run down And our hearts be sorely riven? For another gem in the Saviour's crown.

Years

Of Suffering From Heart Disease.

I Would Not be Alive Today

But For Dr. Miles' Heart Cure.

Do not neglect the warning symptoms of a weak heart. Palpitation, smothering spells, swelling of feet or ankles, pain in and around heart; oftentimes affections of the stomach, lungs, liver, bladder, kidneys, etc., arise from heart weakness. A weak heart must be helped. It cannot stop to rest. It must be strengthened and regulated. The blood must be enriched, the heart nerves strengthened and the circulation improved by the great heart and blood tonic, Dr. Miles' Heart Cure. There is positively nothing to equal this wonderful medicine in its beneficial influence upon hearts weakened from any cause.

"I am very grateful for what Dr. Miles' Heart Cure has done for me, as I am confident I would not be alive today had I not learned of its wonderful virtues and taken it before it was too late. I had been a sufferer from valvular heart disease for many years, in fact ever since I was a little girl and for three years before I began using Heart Cure I was in very bad shape. I could not sleep on my left side at all and would frequently have the most dreadful smothering spells. At times my left side would swell up. I had pain in my head all the time from which I suffered greatly. Nothing I took did me any good until I used eleven bottles of Dr. Miles' Heart Cure which removed all these distressing symptoms and made me feel well and strong."—Mrs. H. C. Craus, San Francisco, Cal.

 Bright shining as the sun,
 We've no less days to sing God's praise

Southern Fruit and Vegetable Growing.

The fertile lands along the Louisville & Nashville R. R. in Alabama, West Florida and Mississippi are veritable bonanzas for the fruit grower and truck gardener. One man sold from one single acre, 100 barrels of radishes for \$900.00, gross; another patch of 4 acres radishes yielded \$1,463.00, net. In the spring of 1902, another truck gardener sold 300 barrels of potatoes in Pittsburgh for 3 acres of ground for \$1,548, and after paying all expenses, cleared \$892.00, or \$297.33 per acre. Within two weeks after selling his potatoes, corn was up and watermelon vines were running on the same land. He harvested his corn, sold his melons and afterwards cut two crops of hay off the same land and on January 20, 1903, was planting it again in potatoes. Strawberries yield from \$300.00 to \$550.00 per acre; as high as 12,480 quarts of luscious berries have been grown on a single acre. Address
